35th Annual Report of BSSSG for the period 2022-2023 presented to the General Body, in its meeting held in the office

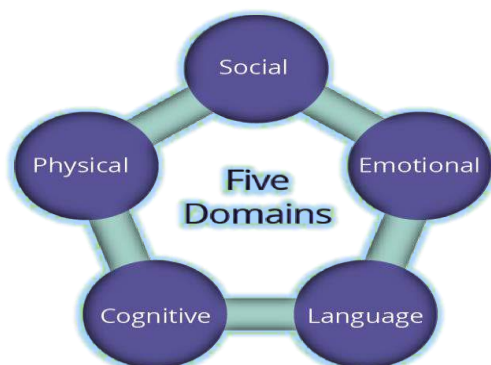

It is my pleasure, as the secretary to present the annual report of our organization to this assembly of the General Body. The Audited statement of Accounts is not yet ready. What you have in your hands, is the unaudited statement of Accounts. As soon as the audit is over, the statement will be circulated.

We recently published our 2023 annual report, providing a comprehensive overview of the milestones we have achieved over the past years.

1. Early Child Care Development

The Early Child Care Development programme running in Gandhi Nagar, Chennai and Vandiyur, Keerathurai in Madurai. There are 10 ECCD Centers with 350 children benefitted by this programme. This programme is supported by HCL Foundation for the last five years.

The teachers concentrate on major 5 domains of development like social, emotional, physical, and cognitive and language.

Children Learning Language development and doing action

Physical Development

Creativity Development

Cognitive development

Children celebrating Global hand washing day on 15th October 2022

Particulars	Madurai Location	Chennai Location
Total registered	175	175
Total Coverage	175	175
Total number of children in green zone	160	172
Total number of children in Orange Zone	15	3
Total number of children in red zone	0	0

Key Activities:

Growth Monitoring:

1. Once in a month we organized Growth Monitoring for all 350 children. The staff measured Height, Weight with the help of the weighing machine, assess the children's Growth level

mentioned in the medical card. Growth monitoring is the regular measurement of a child's size (weight, height, or length) in order to record in the documents.

ECCD Teachers monitoring the Children Growth

Immunization:

Monthly once, the Health Nurse from PHC came to community and visit our ECCD center and gave vaccination to children as per the scheduled date. The parents motivated for vaccination on scheduled date and they bring their children for vaccination along with the card. In our ECCD Centres 350 children immunised.

BSSSG in association with PHC, done Immunisation for children

Provide Supplementary Nutrition:

In our ECCD Centres all 350 children have received cooked Nutritious Food on daily basis and monitored their health and nutrition status.

Provide Dry ration to Children family and

Provide Additional Nutritious food to children in yellow Zone.

Parents Meeting:

Once in a month Parent's meeting was conducted in Chennai and Madurai locations. Both teachers and parents exchange observations of child's development. This meeting helps the parents to understand their child progress and behaviour. Totally reached out to 700 Parents.

Distribution of Learning kit:

On 16th September 2022, at 11.00am Ms. Sowmya from HCLF came to Balwadi in Chennai and distributed Learning Kit for our beneficiaries

Children's Day:

Children's Day, celebrated on 14th November 2022, is recognized across India to increase awareness of the rights, care, and education of children. The day is also held as a tribute to India's First Prime Minister, Jawaharlal Nehru. On 18th November 2022 we have celebrated children's day in our ECCD centres. There are 350 children and 46 BSSSG staff attended. Conducted games and provided gifts to children.

Children played Fun games

Impact result of the ECCD project from April 2022 to March 2023

- We are successfully taking care of 350 children's health, nutrition, education, and safety through this project in Chennai and Madurai.
- Out of 350 children in which 311 has gained age-appropriate weight. We are maintaining health card for each child according to ICDS criteria.
- Totally 117(59 boys, 58 girls) children being promoted to Primary Education and followed up for continuing studies.
- All 350 children were followed up regularly and immunized as per the schedule date we checked with child health records and prevented from six killer diseases.
- Out of 350 children in which 39 children (30 children yellow zone, 9 child orange zone) is under weight and regularly monitored the child growth. We were given proper nutritional awareness to the parents.
- Increased and integrated with Government ICDS, Public health Centre and HCLF NGO partners for child development activities.
- De-worming treatment given for tablet/ syrup to 350 children. The children protected from worm infestations
- Better convergence and coordination among various departments, NGOs and groups involved in mother and child development activities.
- All mothers of 350 children trained on importance of child education, child rights and child protection.

7. ICMR-NARI PWID PROJECT

Bro. Siga Social Service Guild has been carrying out a research study titled “**Network Dynamics among PWID in the context of HIV & access to services in India**”- *a multi-centric study* with the partnership of NARI, ICMR and guidance input by TANSACS. In phase-I - we have completed 52 Key Informant interview (KII) and subsequently finished the follow up. We have done Focus Group Discussion for male PWIDs and Female PWIDs as per the technical guidance of ICMR-NARI.

As per the instruction of ICMR-NARI, we have completed 88 IDI (In-depth Interview) in Phase II. The project ended at 31st December 2022.

Dr. Seema Sahay-Scientist-G (ICMR-NARI), Pune - head of this research has appreciated Bro. Siga efforts taken for the successful completion of this PWID research study of high public health importance.

Focus Group Discussion for Male

8. *TEACH INDIA - TIMES OF INDIA & HERO MOTOCORP*

Environment Awareness Program-Progress Report

- ▶ January 2023, we have joined in Teach India Program to educate students in school and colleges about the climate change and the urgent need of preserving environment and save the mother earth.
- ▶ A team coordinator and 4 teaching staff, we plan to give knowledge on Climate Change, Global Warming, Effects of De-forestation, and remedies (Afforestation) and plan to implement adopting trees, growing kitchen garden. The students are insisted to use the seeds of whatever fruit or vegetables they have.
- ▶ Growing trees is not possible without water. So, we must preserve and protect water reservoirs. Rain Water Harvesting (RWH) is key thing to increase the ground water level.
- ▶ During the rainy season, wastages particularly plastics prevented the rain water to go into the deep. To rectify this, we must remove the wastages. First, segregating wastages into 4 types:
 1. **Wet waste** which are bio-degradable (food items);
 2. **Dry waste** includes paper, wood, recyclable plastic etc,
 3. **Medical Waste** and
 4. **Hazardous waste** (glass, iron rod, gloves, masks). We are showing 4 colors of dustbins in orderly Green, Blue, Red & Yellow for 4 types of wastages. The objective of this program is to reduce air, water, and land pollution in Chennai and to facilitating the conservation of natural resources for our future generations. By doing this we can ensure the protection of biodiversity.
- ▶ While conducting EAP, we have used group interaction, lecture method, Flip chart and interactive sessions

Key Achievements:

1. Strong rapport built with a total of 31 Govt Schools and Private Schools: positive response received.
 2. As an initiative step, Planted tree saplings in the schools (demo).
 3. Beyond Chennai district, we have covered students in Uthiramerur, Kanchipuram district also.
 4. Also, we taught about 'Self Discipline and Nature worth'.
- With the motivational support from Anil Sir, Bala Mam & Mr. Namesh Singh, Bro. Siga & Ropes team reached 16,927 students up to July 2023

EAP Session at Don Bosco Nursery & Primary School

Case stories for Revolving Fund -2

Mrs. A. Aswini
Mangani SHG Member

I am A. Aswini member of Mangani Magalir SHG at Kennady Nagar area, very poor family, having two children (One boy and one girl) studying 7th & 6th standard. Husband is a washing machine mechanic, no permanent job, earning meagre income. I was joined SHG in the year 2017, I applied first loan and got Rs.10000/- this amount invested for selling meals in our local area. Per day earning Rs.300/-, Rs.100/- saved in our SHG account and Rs.200/- spent for daily expenses, I got up to 4 loans from BSSSG totally Rs. 60000/- received and I expanded my business and earned profit per month Rs.7000/-On 20th September 2022 again I got 5th loan for an amount of Rs.35000/-

this amount planned to start a fancy store at new Magazine Puram Road. The meals shop taken care by mother in-law. The income from both businesses used for routine expenses, children study expenses and family expenses. At present saved Rs. 15200/- in the group. Now my family is very happy and I became an owner of a shop.

S. Vimalrani
Mangani SHG
S.M. Nagar

I am S. Vimalrani residing at No.1791/73rd block, S.M. Nagar, Vyasarpadi, Chennai. I got married, having one boy 2 years old, my husband not working, very poor family. I joined in Mangani Magalir SHG in the year 2017 and saved Rs.200/- per month. After 6 months I got first loan Rs.10000/- from BSSSG and invested in selling gents cloths like T.Shirt,Pant, Lungi, Banian and Panties. These cloths purchased from Whole Sale Market and selling nearby areas. I earned Rs.700/- per day, Rs. 300/- spent for daily home expense and remaining Rs.400/- for savings and loan repaid. Again and again I got up to third loan, I expanded my business and earned Rs.20000/- per month .

In the 4th loan I have planned to start a ready made shop on rental basis, I applied 5th loan to BSSSG and sanctioned Rs. 30000/-, this amount invested for shop advance and started Ready Made Show Room. In the festival time I have earned more income from the business. Now my family is very happy and I improved my status.

Mrs. Vimalarani running Men's Wear shop

Case Stories for Revolving Fund

R. Thilagavathi residing at Thottanaval village, Uthiramerur block, Kanchipuram District. Her husband is agricultural labour earning meagre income, having two children both are studying. Very poor family, living in a hut. BSSSG field staff conducted the SHG meeting in the village, that time she watched and she joined in the Nila Magalir SHG. She applied loan for selling milk. BSSSG team verified and sanctioned the loan amount Rs. 50000/- this amount used for purchased one cow.

After that she got up to 4 loans from BSSSG, all these amounts invested for buying another 5 cows totally having 6 cows. Per day morning and evening 40 liters of milk gives. Selling per litter Rs. 25/- per day earning Rs. 1000/- per month Rs. 30000/-, this amount spent for buying cow fodder Rs. 4000/-, veterinary expenses Rs.1000/- savings and loan repaid amount is Rs. 5200/- family expenses are Rs. 8000/- the balance net profit is Rs. 11800/- this amount was deposited in her bank account.

BSSSG approached to Panchayat officer for sanctioning her housing loan, they sanctioned Rs. 2,70,000/- their own money is Rs. 2,50,000/- and now constructed pucca building which is worth of Rs. 5,20,000/- My family convey heartfelt thanks to BSSSG.

IMPACT CASE STORIES FOR EARLY CHILD CARE DEVELOPMENT

CASE STORIES FOR ECCD CHILDREN

CHILD'S NAME: M. Anusri
GENDER : Female
D.O. B : 21.01.2018
ADMISSION DATE: 01.10.2019
CLASS : BALWADI
WORK : Coolie

HISTORY OF ANUSRI:

Anusri's family was living at Keerathurai area for more than 10 years. Anusri is second girl child to her family. They are very poor family. Anusri's mother was not able to go to work because of these two children. They struggled to meet their basic needs. In that Situation they came to know about BSSSG ECCD Centre. Anusri admitted at Keerathurai ECCD centre when she was 9 months old.

AFTER ADMITTING IN THE CENTRE:

Anusri was joined here when she was 9 months old. In that time, she not started to walk, she was quiet and sat on the same Place. She was not even eaten properly. She could stand only with others help. She was not vaccinated properly ECCD center teachers noted her height twice in a month, which shows she is in yellow line i.e second stage in growth monitor.

Teachers trained and encouraged her to walk. E.g. Teachers drew two lines on the floor and make the child to walk on that. Other one is teacher made her to stand on their foot and practiced walking, as days passed, she improved her food intake. She developed slowly by that time corona virus started to spread. That results in closing ECCD center for safety purpose, which affects all the children from taking a healthy food. Creche teachers started to give groceries/dry rations to every child's home. During that Pandemic period ECCD teachers taught classes directly at children' home. After two years Anusri moved from yellow zone to green zone.

PARENT'S FEEDBACK:

- We can go to work peacefully by leaving our child at ECCD center.
- BSSSG Plays major role in maintaining our children's health.
- Teacher's gave awareness about my child's low weight to her age.
- Now Anusri is healthy and her weight is appropriate to her age
- Anusri learned good habits at ECCD centre.
- Teacher's provide Education, and ensure the health of our child. Also, they gave social awareness to us.
- We are thankful to BSSSG ECCD centre and teachers.

CASE STUDY 1:

Name: D. Sasvik (1 Year 8 Months)

Address: Gandhi Nagar

Sasvik father name is Durai Raj. He is a construction Labour, Mother name is Bhuvaneswari. She is going tailoring class. Sasvik is basically very poor in health. He is first child in home. He enrolled in our Balwadi while he was 7 months old. During enrolling he was underweight (red grade). His mother felt difficult to handle him. And his father income is not enough for family. So, mother decided to leave her child in Balwadi and going to tailoring class. We continuously gave nutritional awareness to Bhuvaneswari.

Initial stage, Sasvik never eat food, never play with other children, he never adjusts. After few days, he started to slowly mingle with peer groups and he even started to eat well by seeing other children in our Balwadi. Due to our team's continuous effort, Sasvik promoted to orange grade and then he moved to green grade.

His mom also started to earn through tailoring, She very thankful to BSSSG & HCLF for the continuous effort.

Conclusions

We, the board members, staff, and community people convey our special gratitude to the donors -Terre des Hommes, Netherlands, Antenna Trust, HCL Foundation, Tamil Nadu State AIDS Control Society, ICMR NARI - Pune, Praise Foundation, and Individual philanthropist. Thank you for their continuous support and guidance for implementing our projects throughout the year and we were able to provide quality of service to community
